

Integrity+ by Chubb® for Advanced Manufacturing Companies

Cyber. Tech. Cloud. Risks.

CHUBB®

Flexible Insurance Protection for Your Expanding Business

While manufacturing today involves many traditional operations, information technologies are embedded deeply in the manufacturing process. Today, data and information are as important as the manufactured product itself.

To compete, you offer solutions to your customers, leveraging real-time data to improve the safety and reliability of your products. At Chubb, we understand that exposures related to digital integration vary by individual risk and by industry. That's why we created *Integrity+ by Chubb®* by Chubb. This integrated insurance solution is specifically designed to enable you to purchase the specialized insurance you need as your business develops new technologies or enters new industries.

Look Beyond Traditional Insurance

Standard general liability and property insurance are essential for manufacturers. These policies respond to physical injuries or physical damage resulting from accidents. But not all digital losses

are physical. Some simply result in interruption of business operations—for which the insured may be legally liable or for which traditional property policies may not adequately respond. Integrity+ by Chubb® provides additional insurance protection for these non-physical digital losses.

Integrity+ by Chubb® is designed specifically to meet the needs of Advanced Manufacturing Companies...

- Satisfies customer and supplier contractual insurance requirements.
- Integrates with Chubb's General Liability and Property/Business Income insurance to help minimize gaps.
- Includes a broad duty to defend and defence of your customers, vendors or others if you assumed such responsibility before a loss in a written business contract.
- Additional insurance is available to help protect you in the event of delay exposures, including the return of amounts paid for your products or your services.
- Additional insurance is available for bodily injury and damage to tangible property for professional exposures.

Integrity+ by Chubb®: An Integrated Financial Risk Solution

Integrity+ by Chubb® provides insurance to help protect and preserve manufacturing companies' most important relationships—with customers, vendors, employees, sub-contractors and shareholders.

With *Integrity+ by Chubb®*, you can select from among four integrated Coverages. Each is designed to work on a stand-alone basis or together—to create solutions customized for your business needs:

| Insurance coverage part | Claimant | Offers insurance coverage for: |
|--|---|---|
| Coverage A: Errors and Omissions Liability | Insured's customer | Financial injury due to an actual or alleged product or service defect or contract performance failure. |
| Coverage B: Destructive Programming Liability | Third parties other than insured's customer | Damages and claimants costs sustained by a third party resulting from destructive programming from an actual or suspected failure to perform your obligations under a written contract that authorizes you to use a third party's system. |
| Coverage C: Extended Cyber Liability | Third parties other than insured's customer | Damages and claimant costs sustained by a third party (other than your customer) for injury caused by <i>unauthorized access or use</i> of software, data or other information in electronic form. |
| Coverage D: Disclosure of Confidential Information, Intellectual Property (IP) Infringement, and Reputation Disparagement | Third parties other than insured's customer | Damages and claimant costs sustained by a third party (other than your customer) resulting from actual or suspected disclosure of confidential information, intellectual property infringement, or reputation disparagement. |

Integrity+ by Chubb® includes a variety of First Party Additional Coverages for the following expenses incurred in connection with an actual or suspected privacy data breach:

- Privacy Notification
- Forensics
- Remediation and Crisis Management
- Investigation and Defence of Regulatory Actions

These Additional Coverages are included in a Blanket Limit of Insurance that gives you the flexibility to apportion your insurance dollars to where you need them most at the time of loss. Additional limits can also be purchased.

Integrity+ by Chubb® also offers an array of Other First Party Additional Coverages with separate first party limits of insurance for:

- Cyber-Threat
- Cyber-Reward
- Fines and Penalties
- Confidential Information Breach
- Business Income, Extra Expense and Data Recovery Costs (Impairment of Computer Services)
