## CHUBB®

# A Remarkable Catastrophe Claims Response Every Claim Is Our Promise To You

2019 was a milder catastrophic event season in North America with a 37% decrease compared to 2018 figures. However, the CAT events that occurred in 2019 still had significant impact on insureds with heavy winter storms in the Northeast and hail in Texas during the first quarter, Hurricane Dorian in the third quarter, the tornado activity in Dallas and finally the ever burning catastrophic California wildfires in the fourth quarter. Our claims specialists provided pre and post catastrophe guidance and support for our clients at a time when they needed us most.
