

# Chubb's Ocean Cargo: Worldwide Transit

CHUBB®

As companies enter international markets, trade routes expand and multiply, and the import/export industry grows - it is important to work with a company that has a long history in international transit. The risks that can occur while merchandise is transported between buyer and seller become more complex and losses can happen around the world. Chubb is a leading insurer of ocean cargo insurance, with branch offices in 54 countries and relationships with affiliates in more than 190 countries. We offer unsurpassed underwriting solutions, loss control services and claim services ocean to ocean, all with a local touch.

Our underwriting and service approach is designed to handle a broad range of clients, from small companies just beginning to move goods internationally to large multinational companies with complex cargo insurance needs, and everything in-between.

We provide products and services to large variety of Insureds, including but not limited to:

- Importers and exporters
- Logistics providers, including ocean cargo carriers
- Wholesalers and retailers
- Manufacturers and distributors

## **Product Offerings**

---

Chubb applies our experience, innovation, and flexibility to the diverse needs of our ocean cargo customers.

We provide comprehensive coverage for small clients who are just beginning to ship internationally, including:

- World to World insurance except where prohibited by law
- Ocean/Air Transit Insurance for goods in international trade, and Inland Transit for domestic and worldwide shipments, and Warehouse/Storage coverage for cargo stored while awaiting export or after import can be added by endorsement

- Marine underwriters can work with other lines of business at Chubb to provide coverage for global transit needs as they may change over time

Chubb also offers solutions to address the complex transit needs of large, global insureds, including:

- Controlled Master Programs with locally written underlying policies where required and permitted by law
- Tailored engineering, including Loss Control Advisory Services
- Project Cargo exposures
- Shippers Interest Cargo
- Bailee Liabilities, including Non Vessel Operating Common Carrier (NVOCC) and Air Cargo Legal
- Alternative risk transfer/retention options
- Global risk transfer options for large, complex financial requirements
- Dedicated team of specialists in global marine program structures
- Customized risk transfer options, as well as risk retention options through deductible and retrospective rating structures and the use of captive reinsurers

For import/export documentation requirements, Chubb offers Certificate Issuance programs to help simplify and automate the process. These are available 24/7 for emergency shipments.

### **Advantages & Benefits**

---

- Broad appetite and comprehensive coverage
- Easy to read policy features a summary declarations page and simplified rate schedule
- Loss control services available through specialized marine transportation risk management team, with representatives located around the world
- Specialty marine claims unit with expertise in ocean cargo, storage, and transit losses
