

CHUBB[®]

Your one-of-a-kind
car deserves
one-of-a-kind care

Masterpiece[®]
Classic Car Insurance

More than another car. It's your dream.

97%
of Chubb clients
who had a claim
paid were highly
satisfied with their
claims experience.

We know your classic car is your passion, and the car you've always wanted.

Our team at Chubb shares your enthusiasm for classic cars. For almost a century, we've worked with some of the most unique vehicles to deliver outstanding protection and service. We never compromise and insist on using original quality parts for repairs. And because we know one of the greatest joys of having a car is driving it, we don't place limits on mileage, meaning you can attend a show or go out for a Sunday ride with your family without staring at the odometer.

At Chubb, you're more than a claim. You're our client.SM

We look for ways to say yes.SM

If you experience a claim, we make sure you're made whole again quickly.

We look for ways to do more.SM

We provide comprehensive protection to suit your unique needs, and go above and beyond when it comes to protecting our clients.

We protect your experience on the road at every turn

A classic car isn't just an investment – it's personal.

Whether you've inherited your father's Corvette or restored a vintage Porsche, we offer protection and service that's tailored to your needs at every step. That's where our Auto Technical Specialists come in. If your car is involved in an accident, you can rest easy knowing that our team will make sure your repairs will be done the right way every time.

Our expert team of Auto Technical Specialists ensures your car is repaired according to manufacturer's specifications.

Our Auto Technical Specialists:

Hold the highest professional designation* for car safety and repair

Help you select a repair shop you want to work with, or refer you to our elite network of classic car restoration shops with the equipment and knowledge necessary to fix your vehicle

Are on the ground during catastrophic events like hurricanes, wildfires, or earthquakes, to ensure Chubb clients receive the help and attention they need quickly and seamlessly

*Chubb Auto Technical Specialists hold a Platinum designation from the Inter-Industry Conference on Auto Collision Repair (I-CAR).

We look for ways to say yes

We make the claims experience faster with less fine print, and we've trained our Claims Adjusters to consult you within 24 hours.

Getting you back on the road is our top priority

In 98% of all claims, Chubb Claims Adjusters make contact within 24 hours or less of the initial report. They have the authority to pay claims, but can't deny a claim without a manager's approval.

You won't hear "good enough"

If something needs to be replaced, we'll replace the details that made your car special too. We'll always cover your choice of repair shop, or connect you to our network of top experts - even if that means sending your car out of state or overseas if necessary for repairs. And we'll never ask you to sacrifice on quality, because we insist on repairing your car with Original Equipment Manufacturer (OEM) parts, or we'll pay for fabricated parts if the originals aren't available.

You'll be treated with empathy

If something happens, you deserve an insurer who treats you with empathy and works quickly to make you whole. If your car can't be repaired, we'll pay you the full Agreed Value. Or, if you prefer to salvage or refurbish any of the parts, you can keep the car, and we'll reduce your claim payment by the salvage value of the vehicle.

When a Chubb client's metallic silver 1956 Mercedes-Benz 300 SL Gullwing's brakes failed backing out of the driveway, there was only one way to stop it: the tree at the bottom of the cul-de-sac. This vintage car was in bad shape, with damage to the rear bumper, fenders, and trunk. Chubb stepped in to make sure the car was restored with like-quality parts, and helped monitor the repairs directly with the restoration shop. And when the cost of the repairs grew while bringing the car back to manufacturer standards, Chubb didn't bat an eye.

We look for ways to do more

You'll benefit from our focus on prevention and protection

We'll make sure you have comprehensive, not patchwork, protection. At Chubb, we look to prevent issues from happening in the first place. We offer tips and advice on how to protect your car, and for larger collections, we'll even come to your garage to inspect and identify any fire, water, or other potential risks.

You'll partner with premier car experts and enthusiasts

We have strong relationships with top auction houses, car clubs, and collector car historians, so the ability to help you grow your collection is just a call away. With our decades of experience handling classic car claims, we can offer referrals to the best restorers and parts dealers in the country.

Your Chubb team will understand your needs

We know how important your time on the road is, so we work hard to make it easy for you. We can combine all your Chubb policies onto a single bill, and we'll automatically cover any new collector vehicle purchases for the first 90 days.

We go above and beyond the services found in a standard contract and offer solutions that keep you one step ahead.

A fire occurred in a client's garage after a heater malfunctioned, causing extensive smoke damage to several of the client's classic cars. Chubb gave the client the option of either accepting a total loss settlement or having the cars restored and repaired. Because the cars had significant sentimental value, the client decided to restore them. Chubb stepped in immediately and sent an expert in smoke damage remediation from another state to evaluate the damage, and the cars were carefully returned to their original condition.

Let us raise your expectations

Here are just a few reasons why 97% of our clients surveyed would recommend Chubb to a family member or friend:

1 The Freedom to Drive

We never put a mileage limit on hobby use, so you can enjoy your classic car without checking the odometer. You also don't need authorization from us before participating in non-competitive rallies or tours.

2 Total Loss Settlement

You agree to the value of your car when your policy is written. If it's damaged beyond repair, we'll write a check for the Agreed Value amount.

3 Salvaged Vehicle Option

If your car has suffered a total loss, you have the option of keeping the damaged vehicle and parts. We'll pay the Agreed Value less the salvage value of the damaged car.

4 OEM Parts

We always insist on Original Equipment Manufacturer (OEM) parts so your car is repaired the right way every time. And if OEM parts aren't available, we'll pay to fabricate parts for the best quality replacements possible.

5 Newly Acquired Car Coverage

We provide protection and automatic coverage worldwide for your newly purchased collector vehicle for the first 90 days.

6 Restoration Referrals

With decades of experience handling classic car claims, we can refer you to top restoration experts and parts dealers across the country and worldwide.

7 Unlimited Towing

If you're in an accident, we'll pay to move your car, using the transport of your choice, to any repair shop you want regardless of distance. We'll also pay to get you home safely.

8 Roadside Assistance

If you have a mechanical breakdown and have selected roadside assistance coverage, we cover fuel and fluids, battery recharge, flat tire repair, and more. If we can't get your car back on the road, we'll pay the cost of towing for up to 200 miles.

9 Spare Parts and Trailer Coverage

We pay up to \$1,500 to repair or replace automotive tools and spare parts, and provide up to \$3,000 in coverage for trailers.

Experience the Chubb difference

At Chubb, we're always looking for ways to do more for our clients. The chart below shows the level of protection you can expect when you're a Chubb client. Work with your independent agent to fill out the right-hand column to see where you're protected today, and where Chubb can raise your expectations.

	Protection with Chubb	Your protection today
